Centennial Celebration Schedule of Events

All events free, open to the public. Light refreshments

February: **SOLD OUT**

El Cerrito: A Mid-Century Modern Mecca.

Presented by **El Cerito Historical Society**. Visit one of the most striking mid-century modern homes in El Cerrito, the 1955 Lawlor house designed by architect David Beverly Thorne. Thorne was known for building with steel – and for designing a home for Dave Brubeck. Thorne's son, landscape architect David Thorne will speak about his father's work. Dave Weinstein will show images and discuss El Cerrito's legacy of modern architecture.

7 p.m. Wednesday, February 8

Movers and Shakers: Business People who Helped El Cerrito Prosper. Presented by the **El Cerrito Chamber of Commerce and El Cerrito Historical Society**. Join us for a lively evening focusing on the many stores, restaurants and other businesses that have helped El Cerrito prosper. A panel of longtime El Cerrito business people, including Clyde Figone, Jack Freethy, Paul Grunland and Dave Pryde, will lead the conversation. Come and share your own thoughts. The Chamber will display hundreds of historic photos and scrapbooks. Many of these photos show people who are unidentified. Help us put names to faces.
